## PRESIDENT HARDING PLEDGES TO UPHOLD GOVERNMENT BY LAW

### Executive Sums Up Efforts Toward Industrial Peace Before Congress—Is Determined to Use the full Powers of the Government to Put Down Lawlessness

(By The Associated Press)  
WASHINGTON, Aug. 18.—President Harding laid the story of the rail and coal strikes before the American people today with a pledge that, whatever the cost, government by law will be sustained.  
Summing up before congress his efforts toward industrial peace, the president asserted neither employers nor employees could escape responsibility for the present situation and that "small minority would not be permitted by law to override the paramount interests of the public."  
"We must reassert the doctrine that in this republic the obligation and the first allegiance of every citizen, high and low, is to his government," said the president. "No matter what sacrifice may be necessary government by law will be sustained."  
"Wherefore I am resolved to use all the power of the government to maintain transportation and to sustain the rights of men to work."

## DATE IS PUTTING FISHING TOUCHES TARIFF MEASURE

### Expect to Pass it Today and Go Back for Final Rewriting

(By The Associated Press)  
WASHINGTON, Aug. 18.—The date today putting the fishing touches on its draft of administration tariff bill. It is incomplete when the measure will be passed tomorrow and will go to conference for a rewriting.  
During the long day and night many efforts were made to get sections of the bill but only a few of them met with success. Outstanding feature was a repeal of the dye fight and the affirmation by the senate of its duties of coal tar dyes and chemicals and explosives and their use on American instead of foreign valuation. The vote to firm was 39 to 31.  
The senate reaffirmed a duty of 28 cents a pound on secured cotton of raw wool.  
The senate by a vote of 35 to 20 also reaffirmed its previous action in increasing the duty on sugar from Cuba, which is this country the bulk of its supply, would be 1.84 cents a pound of the 20 per cent tariff differential in favor of that country. The Republican agricultural bloc finally won its fight to let soap manufacturers to duty on vegetable oils imported for use in manufacturing soap.

## VERNON GIVES SON NO PAY JOB

(By The Associated Press)  
PRINCETON, Ill., Aug. 18.—Ernest Small today announced appointment of his son Leslie Small as a member of the penitentiary commission to succeed one John Lambert of Joliet, Ill.  
The other two members of the commission are James A. Patten, a veterinarian and Congressman C. Copley of Aurora.  
The members serve without pay in making the announcement Ernest Small said the commission would go ahead as rapidly as possible with completion of the Joliet penitentiary.

## ES PACKER FOR \$10,000 DAMAGES

Chicago, Aug. 18.—Edward J. Jahn, son of the packer was today for \$10,000 damages today Mrs. Margaret J. Low, whose husband, John Low, died a year ago from burns suffered when he rescued the two sons of Mr. Cudahy from their burning Lake Forest home. In the bill it was alleged that Mr. Cudahy had promised to make a settlement on Mrs. Low a result of her husband's death had not done so.

## JOHNSON HAS ANNOUNCED MARRIAGE

New York, Aug. 18.—Al Johnson, a comedian, tonight announced he had been married several days ago to Miss Alma O'Connell, formerly of Easton, Pa., actress. The bride is known to the stage as Ethel Delmar.

## BUSINESS MEN OF ILLINOIS REPLY TO THE PRESIDENT

### Failure of Justice Will Not Remain Blot on the Nation

(By The Associated Press)  
CHICAGO, Aug. 18.—The reply of Illinois, made thru the commercial interests and business men to what they interpreted as an implied charge by President Harding in his speech before congress today that the state has condoned the mine massacre at Herrin was sent to the white house tonight.  
"We of Illinois do not intend that this failure of justice shall remain a blot on the nation," the telegram from the Illinois chamber of commerce to the president declared. The message outlined the campaign now being waged for a fund to detect and punish the murderers and of the support pledged by its 102 affiliated organizations thru the state, with a membership exceeding 35,000.  
"The president referred to the massacre as the 'shocking crime at Herrin, Ill., which so recently shocked and horrified the country.'"  
"I have felt the deep current of popular resentment," the president stated, "that the federal government has not sought to efface this blot from our national shield, that the federal government has been tolerant of the mockery of justice in Illinois."

## BRUNDAGE WILL DIRECT PROBE OF HERRIN CASE

### Attorney General Says That Threats Will Not Stop Prosecution

(By The Associated Press)  
CHICAGO, Aug. 18.—Attorney General Brundage said today he would lead a special grand jury of Williamson county when it starts investigation of the Herrin, Ill., mine massacre one week from Monday at Marion. Mr. Brundage said he intended to go to Marion and direct the investigation in connection with the state's attorney.  
Commenting on reports that further violence might be expected if grand jury action was taken the attorney general said:  
"We are not going to be stopped by any kind of threats we are going to do our duty. We will present the evidence to the grand jury just as we would in any other case where the laws have been violated. When indictments are returned we will be ready to go into court and demand speedy trials and will carry on the prosecution without fear or favor."

## IRREGULARS HAVE NO IMPORTANT TOWNS

(By The Associated Press)  
DUBLIN, Aug. 18.—No town of any importance now remains in the hands of the irregulars. With the fall of Mallow today their last show of organized resistance was swept away. Roving bands of Republicans may continue to cause trouble but from a military viewpoint the country is almost entirely in the hands of National troops. Strongholds which were to have been defended to the last have fallen to the Nationals almost without a shot being fired. The irregulars having constantly avoided coming into close quarters with the free state troops.

## WHISKY SMUGGLED IN JAPANESE DOLLS

(By The Associated Press)  
SAN FRANCISCO, Cal., Aug. 18.—Japanese "dolls" of the most innocent and childish variety are the latest liquor smuggling devices of travelers from the far east landing in United States Pacific ports, according to Mrs. A. H. Douglas, wife of Commander Douglas of the U. S. S. Huron, who arrived today from Shanghai.  
The "dolls" are said to be dressed in the glowing colors of the Orient and the manufacturers place a receptacle in them capable of holding from a pint to a quart. Eleven male passengers carrying beautiful "dolls" never have been suspected but custom officials announced all "dolls" will be "thoroughly shaken" hereafter.

## PEKIN BOY FOUND DEAD IN GRAVEL PIT

Peoria, Ill., Aug. 18.—The body of Harry Livingstone, 15 years old, of Pekin, Ill., was found tonight in the gravel pit of the gravel pit of the Northwestern railroad, south of Pekin. The boy had been missing since early this morning. It is believed he was attacked by cramps while swimming.

## NO RESULT IN CONFERENCE

Philadelphia, Aug. 18.—The joint conference of anthracite operators and miners representatives adjourned at 7 P. M., until tomorrow morning without having reached an agreement. Nothing was given out as to what took place.

## RAIL EXECUTIVES ARE CONSIDERING BIG FOUR PROPOSAL

### Neither Side Will Disclose Terms of Proposition Officially

(By The Associated Press)  
NEW YORK, Aug. 18.—The five great railroad brotherhoods which have stepped into the nationwide shopmen's strike as mediators today offered the roads what they termed a practical proposition for peace, and the roads took the proposal under consideration.  
Neither side would officially disclose the terms of the proposition. In some quarters close to the conferees it was said that acceptance of the proposal by the executives would result in the immediate return of all strikers to their old jobs with full and unimpaired seniority and pension rights, in addition to retention of men hired since the strike.  
The proposition was outlined in other quarters as providing for restoration of strikers as rapidly as possible, with their seniority rights to be adjusted ultimately to the satisfaction of all.  
The proposition, in these quarters was understood to be on the basis of a gentlemen's agreement which those close to the conferees would give due respect to the rights of the new men. This agreement it was said would assure jobs to the strikers and the so-called new men since railroads and brotherhood officials have stated that they could use 150 per cent of their normal shop craft forces to prepare for the resumption of coal mining and the transportation of a bumper crop. The gentlemen's agreement it was understood would provide that the question which will arise at the end of the busy fall season would be handled as it has in other years—according to the usual weeding out process.  
The whole plan, it was unofficially indicated, would mean that by either the railroads or the shop crafts the strikers would not suffer any more in the long run than they usually do after an industrial struggle of this kind.

## RAISE PRICE OF KENTUCKY COAL

(By The Associated Press)  
WASHINGTON, Aug. 18.—Federal Fuel Distributor Spencer today gave the Kentucky operators permission to increase the price of their coal 50 cents a ton at the mines. The present fair price in the Kentucky producing districts range from \$3.75 to \$4.50 a ton.  
An increase in the maximum fair prices on Kentucky coal was understood to have been urged by Governor Morrow on the ground that expenses of operation in those districts warranted a \$4.50 a ton level while the new fair price maximum would facilitate the cooperation of Kentucky operators with the federal fuel organization.

## BELGIUM WILL VOTE AGAINST MORATORIUM

(By The Associated Press)  
BRUSSELS, Aug. 18.—The Belgian delegate on the reparations commission, under instructions from his government will vote against granting a moratorium to Germany which accordingly will be refused by the commission.  
The committee then will give Germany some days of respite for the payment of the 50,000,000 gold marks due August 15 on debts of allied nationals. During this time the commission will discuss the facilities for payment that are to be accorded Germany.

## ASKS ADMISSION TO MINNEAPOLIS C. OF C.

Minneapolis, Aug. 18.—The Northwest Wheat Growers' association representing 120,000 wheat growers in the northwest today filed formal application for membership in the Minneapolis chamber of commerce. Statements that the organization pays cooperative patronage dividends are incorrect, according to a statement by the chamber today.  
A development in the Bell tangle today was the statement of Mrs. Sam Washington an aged negro living in Oklahoma that she was present at the birth of each of the Bell children and that they are the offspring of the late Thomas and Teresa Bell. Mrs. Washington said she nursed all of the children and that there was no doubt that Mrs. Bell was their mother.

## THEATER DRESSING ROOMS ARE ROBBED

(By The Associated Press)  
CHICAGO, Aug. 18.—Jewelry, money, shoes, silk shirts and chewing gum valued at more than \$1,000 were stolen from dressing rooms in the Empress theater, a south side playhouse, during a performance of the "Stock Yards Follies" tonight. Police believe the robbery was committed by patrons who were disgruntled because acts which had been promised did not appear on the stage.  
The "follies" were put on by amateur talent among stock yards employees and one of the acts on the program was a boxing bout between "Unknown Wonders." The act was cancelled when the police interfered.

## BRIEFS

(By The Associated Press)  
VLADIVOSTOK.—The Vladivostok government is understood, will make no attempt to hold this territory against the Reds but will depart bag and baggage for Kamchatka when the Japanese evacuate.  
The fleet and that part of the army that can be trusted will follow the government and, from Kamchatka operate as a thorn in the flesh to the far eastern republic, it is said, will be unable to retaliate since it has no navy.

PEKING.—The telegraph line across Mongolia to Europe will be restored next winter, according to an official announcement. The service which has been dead for two years, will run from Peking across Mongolia to Urga, with the first relay at Khatka and the second at Irkutsk.

TOKIO.—Chinese students in Japan are much relieved by the Peking announcement that yen 25,000 is to be sent to the students who have been without funds for several months. The announcement came with the appointment of Wan Ying Pao as Chinese minister to Japan.

MANILA, P. I.—The Japanese freighter Ryokai, which went aground on a reef yesterday off the Southern Mindoro coast probably will be a total loss according to wireless messages received today. The Destroyer Whipple is standing by.

ST. LOUIS, Mo.—The Telegraphers' National Bank of St. Louis to be operated by the Order of Railroad Telegraphers, will be ready for business in about three months. L. J. Ross, grand secretary of the order announced today following approval yesterday by the controller of currency of the application for a charter for the bank.

WASHINGTON.—The National Catholic welfare council announced tonight that it had received a new degree of the consistory of Rome June 22. A plenary session in Rome June 22, deciding nothing is to be changed concerning the council and that, therefore, the bishops of the United States may meet next September as is their custom but in accordance with certain instructions.  
MOBILE, Ala.—B. Garling residing in Tippah county, Mississippi met death in a peculiar manner near his home today according to a long distance message. A tree that was being cut down fell on him while he was driving his cows away from the danger.

## WILL OF TERESA BELL FILED FOR PROBATE

(By The Associated Press)  
SAN FRANCISCO, Calif., Aug. 18.—The will of Mrs. Teresa Bell was filed for probate today and James M. Wilkins named executor. Property with a total value of \$94,000 was listed.  
The filing of the curious document was said to be the first step in what promises to be a hard fought legal battle, with one, and probably two of the five men and women disclaimed in Mrs. Bell's will as her children, contesting both the disposal of the property and the statements as to their parentage.

Mrs. Muriel Bell Hoster of Hollister, Calif., one of the five who always had believed themselves to be the children of Mrs. Bell announced thru her attorney that she would contest the will. It is not known if the other four would join her but it was said at least one contemplated a separate suit.  
Mrs. Bell bequeathed \$5 each to the five who believed she was their mother and left the remainder of her estate to her "cousins" if any were found or in event no cousins were found to the state.

Mrs. Bell explained her action by declaring the five who believed themselves her children were not such in fact.  
A development in the Bell tangle today was the statement of Mrs. Sam Washington an aged negro living in Oklahoma that she was present at the birth of each of the Bell children and that they are the offspring of the late Thomas and Teresa Bell. Mrs. Washington said she nursed all of the children and that there was no doubt that Mrs. Bell was their mother.

## NAME NEW COUNTY 'TREASURER

Minneapolis, Minn., Aug. 18.—Henry Vogell of Minneapolis was today elected county treasurer by the board of county commissioners to succeed Henry C. Hanke, now serving a term in Stillwater for embezzlement. J. E. Meyers, former mayor who was named yesterday, declined to accept.

## JUMPS TO AVOID COLLISION; IS KILLED

Morrison, Ill., Aug. 18.—Jumping to avoid an expected collision of two automobiles, Louis J. Prochow of Ann Arbor, Michigan, was instantly killed today when an automobile driven by John J. Quayle of Hayward, Wis., struck him. The accident occurred about three miles from here on the Lincoln Highway.

## CONGRESS MOVES TO GIVE HARDING MORE AUTHORITY

### Republican Leaders Receiving Support of Many Democrats

(By The Associated Press)  
WASHINGTON, Aug. 18.—Republican leaders in congress moved quickly to carry out the more urgent recommendations made by President Harding today in his message on the industrial situation. Their efforts for the most part, also not in all, were seconded by Democratic members.

Representative Mondell of Wyoming, Republican house leader within an hour after the president concluded delivery of his address had telegrams from the wires to absent members of the house interstate commerce committee requesting them to return to Washington at once to begin work on bills to carry out the president's recommendations for authorization to set up an agency to purchase, sell and distribute coal and for creation of a commission to ascertain the facts in the coal industry.

The Republican leader, accompanied by Speaker Gillett, later personally assured the president that legislation creating the fact finding commission would be introduced within a few days and probably passed by the house next week. Senate leaders also promised speedy action.

House and senate leaders alike expressed the opinion that the recommendation for a coal distribution and price control agency could not be so speedily carried out. Some senators declared federal distribution and price control during the war had not been successful and they were not prepared to try the experiment again.

## RAIL LEGISLATION TO GO OVER

Other recommendations of the president such as legislation to put teeth in decisions of the railroad labor board and to accord federal protection to aliens, leaders said could go over until the next session of congress. The determination of the president "to use all the power of the government to maintain transportation and sustain the right of men to work" was almost universally approved by members of congress. The two Republican leaders had this to say:  
Representative Mondell.—The president performed a real service in reiterating the determination of the government to assist in all lawful ways and the maintenance of order and preservation of the peoples' rights under the laws.  
Senator Lodge.—In the enforcement of the law and the protection of all men who wish to work and of the rights of the American people, he will certainly have my earnest support and in my opinion the hearty support of congress and of the American people.

Representative Garrett.—The Democratic house leader said the president's message was so complicated and involved that it is impossible to understand precisely what he means.

## ROBBERY MIGHT HAVE FIGURED IN DEATH

(By The Associated Press)  
DETROIT, Mich., Aug. 18.—That robbery might have figured in the death here today of Edward C. Zimmerman of LaSalle, Ill., was the opinion expressed tonight by Robert Potte, a friend of Zimmerman and proprietor of a hotel where the latter was found dead. Heart disease was at first believed to have been the cause of death. The coroner tomorrow will start an investigation on the information given by Potte. Zimmerman, it was said, had more than 1,000 in his possession Thursday and was wearing a diamond stud worth several hundred dollars. The diamond has not been located and only 14 was found in his pockets.  
Zimmerman was a merchant and theater owner in LaSalle.

## ENTIRE BASEBALL CLUB UNDER ARREST

Dodgeville, Wis., Aug. 18.—For the first time in the history of Wisconsin an entire baseball club is under arrest for the alleged violation of the Sunday blue law. At Dodgeville this morning warrants were served on six of the players and all the officers of the ball club. The arrests were brought about and warrants issued at the request of the Dodgeville law and order society. The arrests were made under an old state blue law which dates back to 1849.

## SHOPCRAFT MEN OF U. P. ARE ORGANIZED

Omaha, Neb., Aug. 18.—An organization of shop craft employees now in the employ of the Union Pacific System was formed here today, according to S. W. Jeffers, general manager of the company, on the object of which is to elect some one man at various points to represent the men in dealings with the railroad.

## GLOOM IS RESTING OVER NEW YORK'S CABARET DISTRICT

### Prohi Raids May Put An End to the White Lights of Broadway

(By The Associated Press)  
NEW YORK, Aug. 18.—While deputies continued their invasion of the district of bright lights in the "roaring forties" and north centering on Broadway, prohibition zone chief Appleby of New York, and Jersey, tonight prepared to recall the major portion of the dry navy from its scouting expedition off the coasts of Rhode Island and New Jersey.  
The immediate return of the rum chasers is necessitated, he said, by the appearance of five more alleged whiskey runners at anchor on Sandy Hook, outside the 12 mile limit.

Gloom deepened in the "white light" district tonight, the band of enforcement agents headed by Dr. R. O. Matthews, assistant federal prohibition commissioner which started the rounds of the cabarets and other resorts of the city's pleasure center last night and early today, continued their crusade of warning tonight. Prohibitors of practically all resorts had been warned that raids would be made if patrons were permitted to "bring their own" and consume it the places.  
A number of the resort owners made pessimistic prophecy of impending doom.  
"This looks like the last of the city's cabarets," said one.

## NO FATALITIES HAVE RESULTED IN FOREST FIRES

### Families Reported Missing Were Accounted for Yesterday

(By The Associated Press)  
DULUTH, Minn., Aug. 18.—Out of the confusion of conflicting reports from the various fire areas in northern Minnesota the past few days came apparently definite word tonight that no one had perished in the flames and that those reported missing yesterday and today had turned up unharmed. Members of two families who were not accounted for last night were found alive.  
Meantime hundreds of forest rangers and settlers continued their battle with the flames and held their own in some places while they were not so successful in others.

The fires that have been raging for the last week covered the largest area in the history of fires in Minnesota, according to State Forester Cox.  
Forest fires in Minnesota are almost entirely caused by peat bogs and these incipient blazes can be prevented according to Mr. Cox. Survey of the fire sections revealed today that should strong winds develop and the protracted drought continue the country would be susceptible to even worse conflagration than that of yesterday when one town was partially burned.

## BIG FOUR MEN RETURN TO WORK

(By The Associated Press)  
POPULAR BLUFF, Mo., Aug. 18.—Members of the "big four" chain brotherhoods employed by the Missouri Pacific railroad who walked out here this afternoon in protest against the presence of national guardsmen in the railroad yards, tying up freight traffic for eight hours, returned to work tonight after a conference at which railroad officials agreed to move the militiamen from the yards.

## BOND REFUSED FOR MRS. OBENCHAIN

Los Angeles, Calif., Aug. 18.—Mrs. Madalynne C. Obenchain, twice tried on charges of murder of J. B. Kennedy last August, must remain in jail and face a third trial, it was announced by Superior Judge Shenk today, who set the trial date as November 20. The motion by defense counsel for release of the woman on bail pending the third trial was supported by affidavits signed by five members of the jury in her second trial. Those jurors swore that the jury which later was discharged as disagreed had voted unanimously that Mrs. Obenchain was "not guilty" of murder in the first or second degree. The court declined to accept this as a recommendation from the jury.

## U. B. OF P. TO MEET AT MOUNDS IN 1923

Danville, Ill., Aug. 18.—Mounds, Ill., was chosen as the next meeting place for 1923, today by the Grand Lodge, United Brotherhood of Friendship, and the Grand Temple and Royal House of the Sisters of the Mysterious Ten, at the closing session. Both are negro organizations and colored delegates were present from all portions of the state.

## BELIEVE STRIKE OF MINERS NEAR END IN ILLINOIS

### Both Sides Express Confidence Conferences Will Succeed

(By Associated Press)  
CHICAGO, Ill., Aug. 18.—With each side expressing confidence that conferences being held here will eventually result in settlement of the Illinois coal miners' strike, representatives of the three Illinois operators' organizations and the miners' union prepared to resume their meeting tomorrow with assurance that definite proposals will be submitted.

The conference called at the suggestion of President Farrington of the Illinois miners adjourned after only a brief meeting today to allow the miners to prepare proposals to the operators. Tonight it was learned that the miners will insist that the Illinois operators accept practically in full terms of the agreement reached between operators and miners' representatives at Cleveland.

Mr. Farrington said he favored the miners to approve a program involving a return to work at the scale in effect when the strike started, that a joint committee be named to meet October 2 and decide how future negotiations shall be conducted and that the return to work under a temporary agreement expiring next April 1. While Mr. Farrington said these were his personal views, it was taken to be the virtual plan to be submitted to the operators.

Operators said the plan was, in effect, that decided upon at the Cleveland conference and did not assure anything definite.

Spokesmen for the miners insisted that if the operators stood firm on their demand for arbitration, the strike would continue so far as Illinois is concerned. The scale committee approved the action of Mr. Farrington who said he refused to sign an agreement with Illinois operators at Cleveland because Illinois operators were not adequately represented. The miners and operators will meet tomorrow morning. Both sides indicated that this meeting would be of as short duration as the one today expressing the opinion that Mr. Farrington would present the miners' plan and that an adjournment then would be taken to allow the miners' and operators' scale committees to hold a joint conference. Actual discussion of the proposition, it was declared was unlikely before Sunday.

## BISCHOFF CREDITORS TO GET FIVE PER CENT

(By The Associated Press)  
CHICAGO, Aug. 18.—Creditors of Raymond J. Bischoff, young financier whose schemes several months ago were said to have caused 8,000 investors to lose their savings will receive five per cent of their original investment it was announced today at a meeting of their representatives by Sidney C. Eastman, referee in bankruptcy. Cash on hand, according to report, made \$7,500 and total assets, including notes, claims and real estate are estimated at between \$150,000 and \$200,000. Liabilities it is said, are approximately \$2,000,000.

## HEAT WAVE BROKEN IN CHICAGO FRIDAY

(By The Associated Press)  
CHICAGO, Ill., Aug. 18.—With the temperature in Chicago late today hovering around 78 degrees, professor Henry J. Cox of the local weather bureau announced that the heat wave which has held the city in its grip for the past two days was broken. Cool breezes blowing off Lake Michigan ended the 48 hour hot period. Ten persons died here as a result of the heat and there were numerous prostrations. Cooler weather over Sunday was the forecast.

## A THOUGHT

If the Lord have called three in righteousness, and will hold thine hand, and will keep thee.—Isaiah 42:6

FOR it is beautiful only to do the thing which is meant for.—Florence Nightingale.

Perhaps, after all, criticism of authorities with reference to failure to investigate the Herrin massacre is a little too hastily. A grand jury has been summoned and the announcement is made that Attorney General Brundage has for several weeks past had investigators quietly at work collecting evidence which will later be presented to the grand jury. If indictments are returned and punishment meted out to even a few of the guilty, the state's name will have been somewhat redeemed.

Dr. F. P. Norbury, eminent in the world of science, declares there is on conflict between religion and science. Dr. Norbury very moderately discusses the question in an article elsewhere in this paper. His suggestions have particular interest because of the recent chautauqua discussion and the conflicting opinions there on the question of evolution and certain religious subjects.

Illinois ex-service men will soon begin an active campaign to impress upon the people of the state their obligation to authorize

payment of a bonus to the soldiers of the state, the bonus to be provided for thru the issuance of bonds.

The Missouri state soldiers' bonus commission has been very active since its organization and has paid claims to nearly 77,000 soldiers, sailors and marines. It claims beyond the number of 105,000 are to be paid, the Missourians must authorize a further bond issue than that of \$15,000,000 already voted upon.

It is appalling to think what the condition would have been in Jacksonville in this long period of drought had not the new water system been in use. The consumption of water since the plant was installed has almost doubled. The supply now in Mauvaisville and Morgan lakes is lower than people like to see, although there is no danger of the supply being exhausted.

The present condition and the increased use, however, do suggest that at no very distant date the height of the dam should be raised a few feet and the storage capacity thus increased.

The construction of a pavement on Merton avenue which is now in early prospect really marks an epoch. Various attempts have been made in past years to bring this improvement to pass, but again and again obstacles have been encountered. It is really the most needed stretch of pavement in or near Jacksonville.

This will leave still a small space between the west end of the hard road and the pavement. This property belongs to Morgan county and it is likely that the way will be speedily found for putting a new pavement across Mauvaisville creek and constructing this very small remaining stretch of pavement.

## MORGAN COUNTY ROAD WORK.

The county commissioners were recently given some criticism for the condition of certain roads in the county which are now very rough and very dusty. There is no denying the condition of these roads, but many citizens are arising in defense of the board with the statement that all things taken into account, the roads of the county were never before in as good condition.

The superintendent of highways and the members of the board have taken an active interest in this road work. Some of their plans for improvement were interfered with by weather conditions. In the early spring rains were continuous and there was delay in starting the grading work. Then the rains stopped entirely and there has been practically no rain for three months. The result has been that the ground has been too dry and hard for the most satisfactory work, and the heavy dust has made some driving impossible and oiling

## BERTON BRALEY'S DAILY POEM

## Main Streeters

By Berton Braley

THE Folks from Main Street, U. S. A.,  
Are not a highly brilliant lot.  
They go their calm, bromide way,  
A way, no doubt, a trifle "set."  
They are not very quick to grasp  
Each social doctrine new and strange,  
At ultra-radicals they gasp;  
The Main Street Folks are slow to change.

THEY don't get much worked up about  
Some stuff that "modernists" proclaim,  
They wait to see how it works out  
Before they either praise or blame.  
They have their homes, they have their cars,  
And soberly they work and play,  
The great "class battle" seldom jars  
The Folks from Main Street, U. S. A.

A LITTLE smug, a little slow,  
A little stupid they may be,  
And yet their hearts with kindness glow,  
They're friendly people, you'll agree.  
With quiet patience they will bear  
A heap of troubles, day by day,  
But when their ire is roused, beware  
The Folks from Main Street, U. S. A.

OH, they're a crowd that I've made fun of  
In verse intended to be gay;  
Yet in my heart I know I'm one of  
The Folks from Main Street, U. S. A.

Notwithstanding these difficulties, all things considered, more constructive work has been done upon the roads of the county this year than ever before.

## HOARDING THRILLS

(By N. E. A.)

E. R. Waide has never taken a railroad trip, for 33 years he has been the railroad station agent at Milton, N. Y.

Now, retired on a pension at the age of 57, he starts a 7,000-mile jaunt in a Pullman. He will travel over the continent, visiting the alluring places to which he has been selling tickets since 1883.

To put yourself in his place for a moment, just recall your breathless excitement when you took your first railroad trip, long ago.

Many a man who figuratively "has seen and done everything" would trade several years of his life, to have followed Waide's system and saved up a few of life's simple thrills. Youth says: "Hoony! I'm going there. First trip! Don't you wish you were me?"

Old age, conceited, cynical, boasts scornfully, "Aw, I've been there. Don't expect too much. You're apt to be disappointed."

Yet old age envies youth's excitement and anticipation. When those are gone, youth is gone; and with it most of life that it really worth while.

Joy is in the pursuit and conquest, not in the capture and realization. Anticipation beats realization.

You young men, taking hard knocks, trying your strength, you do not realize it but with all your hardships and disappointments you are living the best time of your lives. The trip is the thing that counts, not the destination.

The lure of the sea, also its charm, is in the voyage rather than the far-off port. Young women, too, some day will look back with misty eyes and long for the dreamland of girlhood.

Don't be impatient. Everything in life comes—oh, only too soon.

S. E. Moon of Williams was a traveler to the city yesterday.

## TEACHERS INSTITUTE AT SCHOOL FOR DEAF

Col. O. C. Smith of the Illinois School for the Deaf stated that the institute of the teachers of the school will be held, beginning September 5th. The purpose of this institute will be to instruct the new teachers of the school in the lines of work and prepare them for the many problems they will meet.

The school proper will open September 8th, with all teachers reporting for duty on the fifteenth. Mr. Smith has been notified that plenty of coal will be available for use at the institution and that the coal strike will in no way affect the operation of the school.

## LOTS SOLD RAPIDLY

IN WEST JACKSONVILLE O. F. Burfe has recently sold a number of lots in the property in West Jacksonville which he purchased from Dr. David Strawn. Among the purchasers are J. Clay Elliott, Miss Marie Finney, J. J. Kelly, Fred W. Scheneman and several other sales are pending.

The property fronts on Mound road and College avenue, with Grand avenue on the west and Fair street on the east. Mr. Elliott purchased the residence property at the northeast corner of the tract and already has some extensive improvements under way.

## MR. GLOVER VISITS

CITY AFTER MANY YEARS After an absence of nearly 40 years, William Glover of Humboldt, Kans., was a recent visitor here, accompanied by his wife and daughter. Mr. Glover has been on an automobile trip that took him to the Atlantic coast and he is now on his way home.

Mr. Glover is a son of Dr. S. M. Glover, who served here for many years as the pastor of the old First Presbyterian church. The members of the Glover family were guests at the home of Mr. and Mrs. Howard Stevenson on the Mound road. They spent a very short time in Jacksonville and Mr. Glover stated that he found conditions much changed and that practically all the residents he once knew have passed on.

## LOCAL MAN WILL

SING FOR RADIO Word was received in the city by Mr. and Mrs. R. Shoemaker of West College avenue, that their son Robert Shoemaker will sing for radio tonight at Peoria. Mr. Shoemaker is a very talented artist and his voice was much appreciated here while he was attending Illinois college. He held principal parts in "The Mikado," and "The Chimes of Normandy."

Since leaving Jacksonville he has studied under a noted Denver teacher and was a member of the choir of one of the large churches of that city.

## CHILDREN'S LIBRARIAN

RESIGNS FROM STAFF The library board accepted the resignation of Mrs. Natalie Scribner Thursday. Mrs. Scribner has held the position of children's librarian since July, 1921, and has been accepted by all the children and grown-ups as well as a friend. She will take a position in Merrill, Wisconsin, which is nearer the home of her parents. The resignation becomes effective September 8th.

## CARD OF THANKS

We wish to thank the many kind neighbors and friends who were so helpful and sympathetic during the last illness and after the death of our wife and mother, Mrs. J. H. Clements. We will cherish the acts of generosity and kindness that were shown us, always.

THE FAMILY.

## LEFT FOR CHICAGO.

Miss Ora Gibson of 302 Woodland Place left yesterday for Chicago. She will visit at the home of Miss Gwendolyn Cassell and will return in two weeks.

## RETURN HOME.

Mrs. William Arisman of Springfield and Mrs. William Zoll of Waverly have returned to their homes after a visit of several days with Mr. and Mrs. Chester Sharpe and attending the funeral of Mrs. Carroll.

Mrs. Victor Kneppel of Bluffs was a recent shopper in the city.

## KANSANS ARE GUESTS OF WOODSON RELATIVES

Mrs. Elizabeth Nesbit and Children Visiting Colton Houschold—Other Woodson News.

Woodson, Aug. 18.—Mrs. Elizabeth Nesbit, son and daughter of Larned, Kans., are here for a visit at the home of Mrs. Nesbit's brother, William Colton and family.

Miss Madge Beat of Scottville is visiting at the home of Dr. Miller. Mrs. Wendell Dugger of Scottville is also spending the week at the Miller home and attending the Jacksonville chautauqua.

Fred Henderson, who is assisting J. A. Litter & Co., at Litterberry will spend Sunday with his family here.

Mrs. Carrie Wallace of Chicago is here, called by the serious illness of her brother, W. T. Craig. The many friends of Mr. Craig will be sorry to know that his condition remains unimproved.

Henry Dorr has returned from Petersburg where he has spent the past few weeks with relatives. Mrs. Fannie McKean of Jacksonville is at the home of her brother, J. W. McAllister. The latter is still very ill at his home here.

Miss Mahol Henderson, who has been camping at the Jacksonville chautauqua, is at home somewhat indisposed.

Mr. and Mrs. Edward Gallagher spent Friday at the home of Mrs. Gallagher's sister, Mrs. J. T. Osborne and family near Murrayville. Their little grandson, Marion Smith, accompanied them.

## RAIN INSURANCE TAKEN BY FAIR

Fair Directors Get \$5,000 Worth of Rain Insurance for Morgan County Fair.

The board of directors of the Morgan County Fair association have taken out a \$5,000 policy against rain during the fair. This policy is written on a chance basis. It is estimated from weather reports for many years past that there are eight rainy days in the average August. The Hartford company, which wrote the policy, charges a premium in proportion to the risk taken. The policy reads that if rain falls to the extent of one-tenth of an inch between the hours of 5 a. m. and 2 p. m. on any day of the fair, the board may collect insurance in proportion to the importance of that day's program.

The reason for taking this insurance is that, first, rain might ruin the roads and keep the crowds away; second, rain might break up the performance; third, rain might ruin the track so as to make racing impossible.

## Work Shoes \$1.98, Hopper's.

## NEW PRIZES FOR LIGHT HORSE DEPARTMENT

At the last meeting of the board of directors of the County Fair a committee composed of W. H. and Albert Crum was appointed to arrange for additional prizes in the light horse department.

The following are the new prizes created by this committee: Roadsters other than pure bred: A. Mare or gelding four years and over; 1st, \$7; 2nd, \$5; 3rd, \$3. B. Mare or gelding three years and under four years; \$7, \$5, and \$3. C. Mare or gelding two years and under three years; \$7, \$5 and \$3. D. Yearling colt, filly or Gelding; \$7, \$5 and \$3. E. Foal, either sex; \$7, \$5 and \$3. F. Carriage team 15-3 hands or over, mare or gelding; \$10, \$5 and \$3. The following rules apply to the above entries: Nos. A and B are to be shown single, hitched to four-wheeled vehicle. Nos. C, D and E are to be shown in hand.

## HEREFORDS MADE GOOD

GAINS AND PROFIT Edgar Thompson of Virginia, Ill., sold heavy steers at the Chicago market recently at the extreme top of the day and the year when he marketed 55 western branded Herefords at \$10.85 a hundred weight. They were bought for shipment to eastern fancy trade.

Both the gains and margin of profit were very satisfactory as the steers were laid in last November at 925 pounds average weight and the beam hit 1396 at Chicago when they went to the packer buyer. The Herefords as feeders cost \$5.60 a hundredweight. The gross selling price was \$151.44 per head, showing a fine gain, and netting Mr. Thompson a nice profit.

## CHAPIN POSTOFFICE NOW IN NEW QUARERS

Is Housed in Building Recently Erected for John Onken & Bro.—Other Chapin Items of Special Interest.

Chapin, Aug. 18.—Thursday the postoffice moved into their pleasant new building, the east room of the commodious new brick building erected for John Onken & Bro. just east of their store. Earl Smith has moved his barber shop into the west room and W. O. Wimberly will, in a few days, occupy the central room as a bakery. A fourth room will be used as a paint and paper room by F. E. Blair. The building is a marked improvement and Chapin is justly proud of it.

Born, to Mr. and Mrs. Bernard H. Allen, Versailles, Friday morning, at Passavant hospital, a son. Mrs. Allen was formerly Miss Gertrude Onken of this place.

Miss Allen Bobbitt spent Wednesday night with Miss Eleanor Brockhouse and attended the Brockhouse picnic Thursday. Mr. and Mrs. B. J. Taylor and sons arrived here from Des Moines, Iowa Wednesday evening, having spent about ten days with Mr. and Mrs. Lamar Halliwell of that place. The trip was made by automobile.

A clipping from an Oregon paper announces the marriage of Walter Hall who made his home for a number of years with the family of Mrs. John Moody. Mr. Hall has many friends here who are interested in news of such importance in connection with him. Mr. and Mrs. Ray Pond were among the Jacksonville visitors Thursday.

SUCCEEDS WHERE DOCTORS FAIL

Lydia E. Pinkham's Vegetable Compound Often Does That. Read Mrs. Miner's Testimony

Churubusco, N. Y.—"I was under the doctor's care for over five years for backache and had no relief from his medicine. One day a neighbor told me about your Vegetable Compound and I took it. It helped me so much that I wish to advise all women to try Lydia E. Pinkham's Vegetable Compound for female troubles and backache. It is a great help in carrying a child. I have noticed a difference when I didn't take it. I thank you for this medicine and if I ever come to this point again I do not want to be without the Vegetable Compound. I give you permission to publish this letter so that all women can take my advice. —Mrs. FRED MINER, Box 102, Churubusco, N. Y.

It's the same story over again. Women suffer from ailments for years. They try doctors and different medicines, but feel no better. Finally they take Lydia E. Pinkham's Vegetable Compound and you can see its value in the case of Mrs. Miner. All ailing women ought to try this medicine. It can be taken in safety by young or old, as it contains no harmful drugs.

SUCCEEDS WHERE DOCTORS FAIL

Lydia E. Pinkham's Vegetable Compound Often Does That. Read Mrs. Miner's Testimony

Churubusco, N. Y.—"I was under the doctor's care for over five years for backache and had no relief from his medicine. One day a neighbor told me about your Vegetable Compound and I took it. It helped me so much that I wish to advise all women to try Lydia E. Pinkham's Vegetable Compound for female troubles and backache. It is a great help in carrying a child. I have noticed a difference when I didn't take it. I thank you for this medicine and if I ever come to this point again I do not want to be without the Vegetable Compound. I give you permission to publish this letter so that all women can take my advice. —Mrs. FRED MINER, Box 102, Churubusco, N. Y.

It's the same story over again. Women suffer from ailments for years. They try doctors and different medicines, but feel no better

**GOING NORTH**  
F. H. Rowe, president of the Overland insurance company, left last night for Castle Park, Mich., where he will join his family for a brief vacation. C. Y. Rowe is still visiting his mother at the same resort.

FARM BUREAU NOTES

**Morgan Counties Certified 10-110**  
Yuba Funk has received word that the laboratory inspection of his turkey 10-110 Seed heat has demonstrated that it is a very pure sample, ranking 99.91 per cent pure. Prof. Hackleman, Sec. Illinois Crop and Improvement Association urged him to send a sample to the Central State Fair and Exposition at Aurora, Black Hull, Kanred, and Turkey 10-110 are very much in the light today. We are very much gratified that Morgan County has produced such a fine sample of the latter.

Will Try to Increase The Loan Limit

J. W. Coverdale, Sec. Am. Farm Bureau Federation, writes that they are trying to get the loan limit from Federal land banks increased from \$10,000 to \$25,000. He says this is necessary in order that the bank may assist the tenants of the middle West and many other sections of the United States in the coming land owners.

What Can We Get For Soy Beans?

A manufacturing company at Chicago Heights, has spent considerable money in investigating and perfecting the manufacture of soybean products. This manufacturing process is closely related to the manufacturer of Germ Oil meal, Corn oil, Flax Seed oil, and Meal. This concern says their big problem is now to show the farmer the value of soybeans cake and meal as a feed. They say if they can get a market for soybean meal, with feed and oil meal prices, at the present time, they will be able to pay in the neighborhood of \$1.20 to \$1.25 for soybeans. The price of soy bean meal at the present time is practically the same as cotton seed meal. It is put up in 100 lbs bags and is believed to be much more satisfactory than cotton seed for either dairy or beef cattle.

Hogs and Cattle Shown at Fairs Must Be Tested

F. A. Laird, Chief Veterinarian of the State of Illinois, and John Juneman, Supt. of Animal Industry, have informed us that all hogs shown at County Fairs must be governed by the following regulations:

1. All hogs must be accompanied by a certificate of health issued by the State Veterinarian, or some licensed Veterinarian, before being allowed to show at any county fair.
2. All hogs must be immunized by either the single or double method. If the single method is used it must have been administered within thirty days of the date of shipment. If the double method was used, it must have been administered more than thirty days prior to the date of shipment.
3. All cattle exhibited at county fairs within the State of Illinois must be accompanied by a certificate of health issued and endorsed by the authorities of the State from which the exhibited animal originated; that such animals are free from tuberculosis as shown by a tuberculin test made within ninety days from the date of exhibition, unless, said animal comes from a Federal or a state accredited herd. Owners must furnish all water pails for watering cattle, as for sanitary reasons all watering troughs will be removed.

Bagging Grapes

For the home vineyard bagging grapes is desirable and profitable. The cost is small and the improved quality of the fruit pays well for the time and trouble. Grapes should be bagged as soon as the fruit is well set, about the time when the berries are about the size of a small pea. Two pound manila grocer's bags are the best to use for bagging. The bag must be pinned above the cane which bears the fruit and not tied around the stem of the cluster. Bagging serves to protect the clusters against birds, insect injury, fungi and the weather. Grapes when bagged are free from sunscald and other discoloration, and present an attractive fresh appearance that gives the grower a fancy product for his own home use.

Making A Plant Disease Survey

Charles Peak, Botanist in the Natural History Survey, headquarters at Champaign, Illinois, is in Morgan County this week, making a survey of the diseases found on field and fruit plants. Mr. Peak is making this survey in company with the Farm Adviser when visiting farms. Yesterday the noon was spent in visiting farms in the southern part of the county. One vineyard was found in which the grapes were badly damaged by Black Rot and on another farm plum trees in which the entire crop was destroyed by Brown Rot. By proper spraying in the spring, these diseases could be controlled.

WILL SEND DELEGATES DIRECTLY TO BERLIN

(By The Associated Press)

PARIS, Aug. 18.—The reparations commission is to send to Berlin delegates to confer directly in the German capitol with Chancellor Wirth and other officials on the reparations problem. The delegation will consist of Sir John Bradbury, British member of the reparations commission; Eugene Mauckler, president of the allied commission on guarantees and two experts. The party will leave Saturday night. One of the chief purposes behind the decision of the commission to have representatives confer direct with the German authorities authorizes it to determine whether Germany can mobilize sufficient securities to float a loan of \$12,000,000 with which to meet the remaining cash payments due this year. The commission has reason to believe that if adequate collateral can be found certain international banks would arrange the loan.

With such a loan effected the reparations commission would be able to avoid the question of a moratorium for at least six months and the feeling is gaining ground that at the end of this time the allies would be ready to meet in conference to discuss a general reparations settlement in connection with a reduced indemnity and cancellation of war debts.

TRAGIC END OF MAN AND WIFE

John Goodin of Kansas City shoots Wife and Then Himself—Both Pike County People.

Pittsfield, Aug. 18.—John Goodin of Kansas City, formerly of this county, shot and perhaps fatally wounded his wife and then turned the gun on himself and ended his own life. Word telling of the tragedy reached here yesterday afternoon at 1:30. The telegram was sent to Miss Lela Goodin of this city and read: "John shot Flossie and shot himself, both in hospital not expected to live." An hour later a telephone message was received telling of Mr. Goodin's death.

John Goodin was the youngest son of Mrs. Alice Goodin, who lives in the north part of the city. He is a brother of Dr. George Goodin of Detroit, Everett Goodin of this city, Lewis of Martinsburg, and Loraine of California.

Mrs. Goodin is the daughter of Mr. and Mrs. Jesse Burbridge of Nebo, and a sister of Mrs. Ott Yokum of this city. The Goodins have been married five years and have no children. With the exception of two years spent on a farm near this city, they have made their home in Kansas City since their marriage.

## WINCHESTER PICNIC WAS GREAT SUCCESS

Christian Church Burgoon Picnic Drew Large Crowd and Big Sum Realized—Other News Notes From Winchester.

Winchester, Aug. 18.—The annual burgoon picnic of the Winchester Christian church was a success in every way. On account of the warmth of the day the crowd was late in coming but during the afternoon and evening the park was thronged with visitors and the day proved one of great pleasure for all. The patronage was most liberal, the proceeds amounting to about \$1,300.

During the afternoon there were various contests and athletic events, all adding materially to the enjoyment of the occasion. A fine array of cakes, bread and rolls proved that Scott county women and girls are skilled in the culinary art. Prizes were awarded as follows:

Angel food—Mrs. Thomas O'Donnell.

Nut cake—Mrs. Ada Lankford.

Devil's food—Mrs. Lou Bailey.

Caramel cake—Mrs. F. C. Funk.

## SCIENCE HAS NO CONTROVERSY WITH RELIGION

Editor Journal:

It was unfortunate that a tone of acrimony entered into the discussion of so-called Darwinism and the trend of biological thought of today was presented by Dr. Lichliter and Mr. Bryan in their addresses before the local Chautauqua.

To the man of the street it would seem there is a controversy existing between science and religion, whereas the true spirit of science is benign and always has been. If there is controversy it must come from the other side and not from true science.

Mr. Bryan in his methods of argument appeals to the emotions and their radiating sentiments, rather than the logical reasoning of scientific thought. Like Wilberforce in 1866, he depends on his eloquence, his personal abilities as an orator, rather than the calm dispassionate reasoning of the scientist which would know all things, prove all things and hold fast to that which is true.

Darwinism, so-called, which is not even rightly presented in a scientific sense by Mr. Bryan was promulgated by Darwin after he had collected facts, assembled his data and although himself not combative in temperament, but weighty, calm, logical and powerful in his critical intellect, his great knowledge and trenchant style, carried his doctrines on and on to recognition.

Today they are accepted the world over by scientists, humanitarians and most theologians, as true. This question of biological evolution was settled over fifty years ago and the reviving of controversy now is only to open up old sores which insofar as science is concerned, do not exist. But to the social evolutionist who must handle the problems of education and public welfare and who recognizes that evolution looks forward as well as backward, such controversy is grave and hazards the welfare of the immediate future of educational problems.

The eternal laws of nature will not cease to work today or tomorrow. He who would approach and study the handiwork of God as shown in all creation, must do so with the true spirit of science if he would find the evidence of God everywhere.

Science is but an agency which seeks to fathom the mysteries of Nature. It simply presents facts and proven facts within the scope and limitations of the human mind to conceive. If in so doing conflict arises, it in no sense appears to contradict these facts, then the opposing facts and arguments must be equally sound, unprejudiced and fair. Science has no controversy with religion. Its mission, its true potential possibilities, exist to aid in the expansion of life to find ways and means toward peace, comfort and beneficial realities of life. Pure science cannot, however, satisfy the desire for life, nor can it give insight into the deeper mysteries of existence.

But let it be said that every one who has to deal with the problems of human behavior in their broadest interpretation, with man's adjustments to the environment in which he lives, and to the circumstances of his real living in every day life, knows that science is dispelling the mysteries of man's existence, that social evolution is a fact, and that it is up to us to utilize the historical and comparative study of man's animality, which proves that man's mind as well as his body are of animal extraction, that the chief aim of education "the inculcation of the profoundest truths" may not be sidetracked in the controversies which those untrained in scientific inquiry are too willing to precipitate.

It is unfortunate that such controversies exist because they delay social progress, social evolution, and in consequence, the present and succeeding generations in their educational advancement must suffer.

James Harvey Robinson in a recent address on "The Humanizing of Knowledge" rightly emphasizes the fact that education is controlled largely by adherents to the policy that controversial matters should be carefully excluded from schools and colleges. This means that instruction which might stir religious prejudice, no matter how unintelligent, business, political or radical prejudice, or violate the proprieties must be avoided. "College presidents, school superintendents, text book writers, and their publishers, are at present almost helpless in this situation. Teaching thus is handicapped and must be made as little disturbing as possible, when in fact, its chief function should be to stimulate thought and furnish new and reconstructive thought."

How may we ask, in scientific truth in this day of dynamic thought to reach the growing generation when what is needed is the cultivating and spreading of knowledge which man needs in his social evolution, which hostility or inactivity confronts the advancement of new thought?

Science will go along contributing to human welfare thru the avenues of invention, but why can it not also contribute to humanizing the knowledge that means so much to human happiness in the revelation of mechanistic and biological conceptions and facts of life, which figure in the problems of human behavior?

The next generation or two will shudder at the unintelligence predominating in this generation regarding such problems; let us say of personality, of mental defectiveness, of child welfare, of child training, and while doubtless the unintelligent will in those generations still be in the majority and

have the whip hand, yet social welfare will have made progress that too without detracting from religion. We are inclined to believe that sectarianism and theology, with which science may differ, are too frequently substituted for the term of religion. Science has no controversy with religion. Religion belongs to the instincts and as such is a complement of the expansion of biological life and permits personality to cross the frontier where science ends. The human life which cannot find its answer to its desires for self expansion in science, can find its satisfaction in religion.

Conklin well says "The aim of real science as well as true religion is to know the truth, confident that even an unwelcome truth is better than cherished error, that the welfare of the human race depends upon extension and diffusion of knowledge among men." Truth alone can make us free.

## Beginning of a Story About Ideal Bread

has been some weeks since this pany acquired the ownership of big Ideal Bakery and its management has been working hard reorganizing the business from the ground up. expert bakers have been added, processes tested, and already progress has been made toward the production of breads which earn for us the enviable and just reputation of "Baking the Best Made,"—the most satisfactory

loaf for the entire family.

Some new machinery has been added but we have been delayed in completing installations because of rail conditions.

Already our "Ideal" and "Old English" breads have met with great favor. Soon we will add other breads and miscellaneous bakery products to our list.

Watch for our announcements, and ask your grocer for

## GIANTS DEFEAT CUBS HARD HITTING GAME

Contest One of Wildest Seen in Chicago in Years—Nine Pitchers Are Used in Game.

CHICAGO, Aug. 18.—New York today defeated Chicago 17 to 11. The game was one of the wildest seen in Chicago in years, the Cubs jumping off to a five run lead but being unable to hold it against the slugging of the Giants, who did their hitting when Cub twirlers issued passes and hit three men.

Statz hurt his knee in sliding home in the first inning and had to be carried off the field.

## RISING PRICES

**IN STOCK MARKET**  
Associated Press.  
NEW YORK, Aug. 18.—The  
slow but steady absorption of  
stocks at constantly rising prices  
continued in today's stock market  
which showed a tendency to break  
away from the restraint imposed  
by pending labor troubles.

Dealings which totaled 850,000  
shares continued to be largely in  
the hands of professional operators  
but accumulation by investment  
interest was reflected in the con-  
spicuous strength of several high  
grade shares. More than a dozen  
new high records for the year  
were again recorded by active is-  
sues, but most of the gains were  
of a nominal nature.

President Harding's declara-  
tion to Congress that the govern-  
ment would use all its power to  
maintain transportation and the  
right of men to work was well re-  
ceived in the financial community  
but it had no visible effect on  
prices. Rail shares held firm the  
sharp advance in Chicago and  
Eastern Illinois, common and pre-  
ferred which were up 3-8 and  
1-4 points, respectively, being  
the outstanding exception to the  
general fractional changes in  
prices of carrier shares.

Average price levels of railroad  
and industrial shares are now  
at the highest levels of the year.  
Call money opened at 3 3/4  
percent but eased to 3 in the final  
hour. Time money rates were un-  
changed. The market for com-  
mercial paper also continued quiet.  
Liberty 3-12s were particularly

#### FORMER U. OF I. PRESIDENT TO ARRIVE

Dr. Edmund I. James, former president of the University of Illinois and his niece, Mrs. Cornelius Moss, will be the guests of Dr. and Mrs. J. R. Harker of Illinois Woman's College in the near future. Dr. James has been interested in the welfare of the Woman's College for many years. He was born in this city, and when a boy, his father saved Illinois Woman's college from ruin by raising over thirty thousand dollars in a single year. Dr. James is also a very close friend of Dr. Harker.

Miss Francis Harshbarger of Ivesdale and Miss Eunice Vawter of Waverly, both former students of the Women's college

were guests of Dr. Harker yesterday.

A letter received from Miss Ruth Esparzo from the Y.W.C.A. camp at Forest Beach, N. Y., Buffalo, Michigan, states that there are students there from nearly every country in the world and that her roommate is a Philippine Miss Serito Jones student at the Woman's college, from South America, is now counselor at a girls' camp at Port Huron, Michigan.

Lungesoup, fried chicken and other good things, Catholic church picnic, Murrayville, Aug. 22.

Grant Ray of Naples was listed among the callers in this city yesterday.

### ROTARIANS TOLD ABOUT THEIR TRAVELS

Symposium of Talks Made up Very Enjoyable Luncheon Program—Accept Kiwanis Club Challenge to Play Golf.

The Rotary club had an unusually pleasant time at the luncheon at the Pacific hotel Friday. Mr. Haboush, who was scheduled for appearance at the chautauqua, was expected to make a brief talk. However, his arrival in Jacksonville was several hours delayed and he was unable to attend the luncheon. So a symposium of talks resulted, various members being allotted five or ten minutes in which they were requested to tell about recent vacation experiences.

In the group were C. A. Johnson, Dr. H. A. Chapin, Byron Armstrong, Charles T. Mackness, Dr. J. R. Harker and E. E. Crabtree. Others who contributed to the interesting program were J. Herbert Colton of Minot, North Dakota, and J. E. Welmer of Waukesha, Wis. Both of the visitors are Rotarians. Mr. Colton told something about the very satisfactory crop conditions that are prevailing in North Dakota this year and mentioned that the farmer there certainly has good crops due him for failures have been recorded much of the time for the past several years.

Mr. Welmer also made some interesting statements about Wisconsin with its splendid system of roads and its unusual offering of lake and summer resorts.

Mr. Johnson and Dr. Chapin told of an automobile trip into Michigan and Charles T. Mackness about his journey into northern Illinois and across country to Michigan resorts.

Byron Armstrong's experiences were in the southwest, as with members of his family he took an automobile trip down thru the mountainous area of Arizona.

Dr. Harker was in Montana on college business and took advantage of the opportunity to go several days in Glacier park. Mayor Crabtree had been in the park for a longer period and Rotarians were greatly interested in incidents he told of camp life forty miles from a railroad with L. O. Vaught as the director of the expedition.

A number of Jacksonville men, including C. H. Russell and the late William Brown, have been going into that northwestern country since 1894, just two years after the Great Northern railroad mountains and lakes are named for Jacksonville people. Altogether it was a very interesting program.

Other guests of the day were Howard S. Duncan of Champaign, and Benjamin Schuck of New York City. A communication was read from Wood Phillips, chairman of the Kiwanis golf committee, challenging Rotary to a golf contest. This matter was referred to a committee of golf players.

### CLUBS AND SOCIETY

**Birthday Party at Hay's Home**  
A birthday party was given Thursday at the home of Mr. and Mrs. Hayes, a half mile east of the city, in honor of their niece, Miss Helen and Hester Collins of Virginia, the occasion being their fifteenth birthday.

The afternoon was pleasantly spent with games and contests and delightful refreshments of ice cream and cake were served. Among those present were Mrs. Edward Crowder and family of Strawns Crossing, Mrs. Lyman Decker and family, Jacksonville; Mrs. John Fortner and daughters, Bertha and Grace, Mrs. Margaret Decker, Mr. and Mrs. Guy Hayes and sons, William and Virginia, Jimmie Decker, Bert Decker, all of Jacksonville; Miss Eva Crowder, Strawns Crossing; Miss Clara Cashin, Prentice.

### ALEXANDER

Edward Hinrichsen of New York City is here for a visit with his mother, Mrs. W. H. Hinrichsen.

Rev. E. L. Pletcher and Rev. Samuel Graves of Jacksonville were here Friday to hold the quarterly conference at the M. E. church.

The Ladies Bible class of the M. E. church held a special business meeting at the church Friday afternoon and discussed plans for serving lunch at the E. J. Kumble sale August 23.

Mr. and Mrs. Julius Strawn and daughter Mary of Jacksonville were Alexander visitors Friday.

Mrs. J. T. Little of Alexander is visiting at the home of Mrs. James Strawn in Jacksonville.

**NEW GET GAS STATION IS OPENED**  
The White Rock gas station at the corner of South Main street and Morton avenue is now open for business. William McCurley, formerly of Woodson and Charles Short, formerly of Murrayville, are in charge of this station which is equipped with a thoroughly modern way.

The company will carry not only White Rock gas but the best grades of oil and grease and other supplies needed by car drivers. The station is located at the junction of two well known automobile trails and there is no doubt but that Messrs. McCurley and Short will have a busy time taking care of the trade.

Col. O. C. Smith of the Illinois School for the Deaf, motored to Springfield yesterday on business.

### MAKES ATTACK ON STATE SECURITIES ACT

Secretary of State Calls Attention To Circular Which Has Been Sent Broadcast.

A deliberate attempt to discredit and handicap the administration of the Illinois securities act is believed to be back of an anonymous circular sent broadcast thru the state to prominent citizens. Secretary of State Louis L. Emmerson yesterday asked postal authorities to investigate the source of the circular which attacks in violent language the administration of the securities law, the Investment Bankers' association, the Chicago Association of Commerce and an oil company recently accepted under the securities act.

It is in the form of a folder, on the back of which is printed in large type:

"Why keep money in the bank at 3 per cent; buy 5 per cent to 7 per cent securities; buy homes or real estate; why not mortgage your home or farm—Get 22 per cent to 44 per cent annual net returns (with money-back guarantee). Buy oil company stock, approved under the Illinois securities blue sky law (passed to protect investors)."

"Apparently," Secretary Emmerson said, "this circular is sent out by some disgruntled promoter who may have been refused the right to sell his paper in Illinois."

"I have heard from it from several sources and it was evidently sent to a list numbering several thousand scattered thru the state. The oil company upon which this anonymous attack is made filed sworn statements in accordance with the Illinois securities act. The usual appraisals were made and as the company had complied with the provisions of the law it was permitted to sell its stock in this state with the exception of \$40,000 which was placed in escrow until such time as the valuation of the corporation's property and earnings warrant classification in class 'C.' All of the statements filed by the company are open to the public and the securities department is always ready to hear any objection or complaint which would indicate that this or any other company is not all that it represents itself to be."

"The Illinois securities law does not pretend to guarantee results from speculative investments. Its purpose is merely to weed out those companies which are manifestly fraudulent or insecure and to place on file for the information of interested parties sworn statements of the actual condition of corporations permitted to sell stock in this state."

**PICNIC PLANS HAVE BEEN COMPLETED**

Waverly Commercial Club Prepared to Entertain Many Visitors Next Wednesday and Thursday.

Waverly, Aug. 18—Interest increases as the time nears for the Waverly Commercial Club picnic to be held Wednesday and Thursday, August 23 and 24. With a program commencing at ten o'clock each morning and continuing thru the day and night, there promises to be a fulfillment of the old saying "something doing every minute." All of which means that with favorable weather a tremendous large crowd is expected.

Auto polo at 5:15 both evenings promises to be the most thrilling attraction, but there will be others. Athletic events of various kinds, including bicycle polo, races, tennis, horse shoe pitching, etc., all will have places on the program. There will be numerous free attractions, including acrobats, ventriloquist novelty and jubilee singers. The Waverly Municipal band will play morning, afternoon and night. There will be a dance on a specially constructed platform in the park at night.

**WALL BUILDING IMPROVED**  
The appearance of West Court street has been greatly improved by the painting of the Wall building. This building years ago was the property of the Anheuser-Busch Co. and the wall extending west from the square the full distance of 180 feet was in different colors and furnished the background for several signs. Now newly painted on the front and sides, the building adds greatly to the appearance of the street.

**LUTHER WALTHER CIRCLE IN SOCIAL SESSION**

Members of the Luther Walther Circle of Salem Lutheran church attended a special meeting held at the home of Clarence Muehlhausen. An interesting literary and musical program was given, followed by a social hour with refreshments.

The committee in charge of the successful event included Misses Mary Holt, Lorna Weber and Dorothy Willner, and Walter Gruber.

**CHAUTAUQUA ASSOCIATION DIRECTORS CHOSEN**

The annual meeting of the chautauqua association was held Friday, with President Frank J. Holt presiding. Various matters of interest were considered and action taken relative to certain minor changes in the constitution and by-laws. The directors chosen were Mrs. W. T. Scott, Dr. W. E. Spoons and Carl H. Weber.

Carl Rawlings made a trip from Franklin to the city yesterday.

Fred Burchett of Franklin was a caller in Jacksonville yesterday.

J. T. Truster and Mr. and Mrs. Marcin Hall are down from Chicago for a visit with Carl Wilkin and family of Naples and drove to the city yesterday.

### CHAUTAUQUA NEARS CLOSING SESSIONS

Mr. Somerville to Give Address To day—Magician Wassman Tonight—S. J. Duncan-Clark Coming for Sunday Lectures—Mr. Haboush Gave Interesting Picture of Holy Land.

The chautauqua is nearing its close and the programs for but two days remain. The attendance when the heat is taken into account, has been wonderful and there has been no lessening of the interest from day to day.

This morning Dr. Gage is to give the last of his splendid series of addresses, with "A draught of Sweet Nectar" as his theme. The Scholle orchestra will give a program this afternoon and this group of versatile musicians insures a popular program. The Scholle orchestra is made up of Bohemians who play a variety of instruments.

The concert will be followed by a lecture by Prof. P. C. Somerville, on "The Fundamentals of National Life." Mr. Somerville was heard here several months ago in a series of addresses to teachers and made a great impression. He has for years been associated with the faculty of Illinois Wesleyan university and is a platform orator of great virility.

At night the Scholle orchestra will give another program and then the day's events will be concluded by a performance by Robert Wassman, magician and illusionist. Mr. Wassman is said to be especially skillful and his monologues add to the interest of his programs. Each year the chautauqua program has a magician and the entertainments given are unvaryingly popular.

Sunday the final day, there will be Sunday school at 9:30 conducted by J. C. Colton of Woodson, and at 11 o'clock a sermon by Rev. F. M. Crabtree of Chapin. S. J. Duncan-Clark will lecture in the afternoon and evening, a fact which makes certain a real treat for the chautauqua audiences. The afternoon theme of this well known newspaper man and literateur will be "The Fundamental Need of American Life." In the evening he will discuss, "Who Speaks for Right."

The Scholle orchestra will furnish music both afternoon and evening.

**Friday's Program**

Friday's program was varied somewhat, as Stephen A. Haboush, announced for the afternoon address, was unable to reach the city until the 5:40 train. The management therefore changed the program so that Mr. Haboush made his address in the evening.

He was born near the Sea of Galilee and as a boy herded sheep in their territory made sacred by historic events. He was educated in America and the audience last night found his address on "A Shepherd of Galilee" especially helpful and entertaining.

Mr. Haboush appeared in the costume of his country and as a part of his address explained the meaning of the garments worn by different classes and sects in the land of his nativity.

He gave a most interesting picture of the life in the Holy Land as it was in years gone by and as it is today. The costumes and characteristics of the people were depicted in a most interesting way.

In the evening as was true in the afternoon, the Hadley Concert Co. furnished an admirable musical program. While there were many classical selections, these were interspersed with popular or humorous numbers. The programs were very satisfactory to the large audiences present.

### FUNERALS

**Clements.**

Funeral services for Mrs. Stella Clements were held from the residence, 1300 South Clay avenue at 3 o'clock Friday afternoon in charge of the Rev. G. W. Randle, pastor of Brooklyn church.

Mrs. J. Bart Johnson sang, Mrs. W. P. Duncan serving as accompanist. The flowers were cared for by Louise Sheppard, Elberta Whitlock and Dorothy Randle.

Burial was in Diamond Grove cemetery the bearers being Everett Whitlock, D. J. Staley, P. D. Trotter, Edward Belzer, J. H. Reid and Charles A. Sheppard.

**WRIGHT HOMESTEAD SOLD TO DR. M'LIN**

Mrs. Lenora Wright has recently sold her residence property on South Main street to Dr. T. G. McLin of Jacksonville State Hospital. The property extends from South Main to Mauvalter street.

This is the old home of William Henry Wright and has been the family residence since 1863. The house was built some years before the date mentioned, but is still in excellent condition. The lumber used in its construction is of a kind which could not be obtained in the present day. It is understood that Mrs. Wright is expecting to make her home with her daughter in Springfield.

**WITH THE SICK**

Mrs. Mabel Wright of Franklin was brought to Our Saviors hospital Friday night for treatment. Mrs. Wright is suffering from a nervous trouble.

J. T. Truster and Mr. and Mrs. Marcin Hall are down from Chicago for a visit with Carl Wilkin and family of Naples and drove to the city yesterday.

Fred Burchett of Franklin was a caller in Jacksonville yesterday.

### SEVERAL METHODIST CHURCHES CONFER

Durbin - Providence, Alexander and Franklin Charges Met in Fourth Quarterly Meetings Yesterday.

Yesterday morning at ten o'clock was held the fourth quarterly conference of the Durbin and Providence charges of the Methodist Episcopal church. The meeting was held at Durbin church and partial reports were made. The reason that the reports were only partial is because the year does not close until the meeting of the Illinois conference.

The financial report showed that the charge was in a good position financially. It is thought that the charge will be able to meet all claims at the close of the church year. The return of Dr. F. M. Rude as pastor of the circuit was asked.

The following officers were elected.

Providence—George Darley, Samuel Seymour, Charles Criswell, Mrs. Samuel Seymour, Harry Seymour, Mrs. Earl Seymour, Lawrence Seymour.

Durbin—Samuel Darley, George

Oxley, Mrs. Samuel Darley, Thomas Smith, R. F. Rawlings, Thomas Oxley, James Seymour, Mrs. Evelyn Rawlings.

D. S. Rawlings was confirmed as superintendent of the Durbin Sunday school.

Providence church maintains its stewards, trustees, ladies aid society and missionary society as part of the Durbin and Providence charge.

At the meeting of the Alexander charge routine business was transacted but no officers were elected, as this was done at the first quarterly meeting. Rev. Samuel Graves is the pastor of the Alexander church.

At the quarterly conference held at Franklin M. E. church last night the board voted unanimously in favor of the return of the pastor, Rev. H. A. Sherman, for the third year. The meeting was well attended and a fine spirit prevailed. Various matters of church business were given attention.

Dr. E. L. Pletcher presided at both the Alexander and Franklin meetings.

George Middendorf was a caller in the city yesterday from Bluffs.

### HEAVY INCREASE IN TONNAGE FOR ALTON

The approaching settlement of the coal strike promises the Alton railroad, along with other lines, a vast increase in tonnage. It is conservatively estimated that almost immediately a thousand additional cars a day will be offered the Alton. This means about twenty additional trains, and it is going to tax the equipment of the road to handle all this increase in business. In fact, it can hardly be handled without the purchase of some new equipment.

That the Alton in future does not intend to be so wholly dependent upon coal fuel purposes is indicated by the report that the contract has been made with an oil company in Mexico for a large quantity of oil to be shipped in stipulated daily amounts.
